Dolní Věstonice

Title:	Dolní Věstonice
Description:	Viticultural area with many Renaissance and Baroque houses and picturesque wine cellars. A world-famous settlement of mammoth hunters was discovered in the vicinity; the most famous artefact is the statuette of the Venus of Věstonice. A Baroque building of the former town hall contains an archaeological exhibition with a model of a prehistoric settlement, a model of the Venus of Věstonice, implements and decorations. A starting point for the Pálava protected landscape area.
