Váš sklep - penzion a vinný sklep

Title:	Váš sklep - penzion a vinný sklep
Description:	In the family pension "VAS SKLEP" there has been made great efforts to create a cozy atmosphere of past times. Decorations in rustic style make a rather romantic ambiance and it feels like the time has stopped long time ago. You can relax here while enjoying the beautiful surroundings. The atmosphere breathes with history. Yet we have implemented modern facilities as well. Of course, each room has a private bathroom. We also try to protect our nature by sorting and recycling waste. In the bathrooms you can find natural cosmetics, which is unharmed to nature. This policy of only environmentally friendly products is also implemented for the housekeeping.
